## ABOUT

**Debra Lynne Katz**, has a Ph.D in psychology with an emphasis in human consciousness and society and holds a Masters's Degree in Social Work. She is a former U.S. Probation Officer and legal advocate for victims. She is also the Director of the International School of Clairvoyance, one of the first schools of its kind to offer successful distance training programs via teleseminar and webinar. Debra is an accomplished clairvoyant, remote viewer, medium and energy healer who works for some of the leading business manufactures, stockbrokers, and whose clientele include some of the top celebrities in the nation. Several of her students from the past two decades have gone onto start successful professional intuitive-related businesses. She has been conducting remote viewing and parapsychological research for a number of years and worked/studied in the Ingo Swann remote viewing archives for three years at the University of West Georgia.

She is the author of the landmark books: "The Complete Clairvoyant; A Trilogy"; "You Are Psychic: The Art of Clairvoyant Reading and Healing"; "Extraordinary Psychic: Proven Techniques to Master Your Natural Abilities"; and "Freeing the Genie Within". Her newest book, "Associative Remote Viewing: The Art & Science of Predicting Outcomes for sports, financials, elections and the lottery" will be released on August 1 and is now available for presale through Amazon. She is also a former TV show host of the "Psychic Explorer" which aired for three years in Sedona, Arizona on two local channels. She is also a film school graduate and writer/director of short films and documentaries. She presently resides in Mapleton, Oregon. Her website is: [www.debrakatz.com](http://www.debrakatz.com).

While Debra is a talented and popular clairvoyant-medium-psychic-remote viewer, she is perhaps more unique in her belief that all people have the innate potential to tap their own intuitive powers. She is also unique in that she is a psychic researcher in addition to being a spiritually orientated psychic. She works around the clock to continue to improve her own intuitive abilities and those of countless others, convinced that most of humanity has not even come close to realizing their true potential.

The advertisement features a hand holding a red pen over a notepad, with a logo for 'DEBRALYNNE KATZ CLAIRVOYANT' in the top left corner.

Remote Viewing Training Program

Clairvoyant Training Programs Level Two

Clairvoyant Training Program Level Three

One Year Complete Master's Class

*"Debra's clairvoyant training program was by far one of the most intense and rewarding classes I've had the opportunity to participate in. The meditations and exercises were fun, relaxing, and effective at opening the energetic centers. What I accomplished most was an increase in my confidence regarding my skills. I no longer question what I see, hear, or feel. I know that it is relevant and valid at some level, even if I don't see a direct correlation in the present moment. Thanks so much!"*

**~Markyia Nichols, M.D., Medical Director of DiviNeva Holistic Health, [www.divineva.net](http://www.divineva.net)**

*"I really enjoyed the Psychic Level I class. Debra Katz is a great instructor giving easily followed instructions that not only will help with anyone's psychic abilities but also the ability to meet one's goals through affirmations and visualizations as well as finding peace and balance in yourself and with any relationships. Life changing things! ~ Lisa T., Colorado*

*"Learning clairvoyance with Debra has been a wonderful and amazing experience. Debra teaches with utmost patience and kindness, together with a wealth of knowledge that she shares generously. I also experienced tremendous life benefits from taking Debra's class, including enhancing the ability to manifest. I consider Debra's class an investment that will last a lifetime. I highly recommend Debra's class". ~Jenny*

*After taking the 12 week Level I and Level II class I was ready to embark on my own career as a clairvoyant reader and healer!*
